EDUCATION

- MAKAUT, Techno International New Town** CGPA: 6.72
Master of Computer Applications (MCA) Expected July 2026
- MAKAUT, B. P. Poddar Institute of Management & Technology** CGPA: 7.34
Bachelor of Computer Applications (BCA) July 2024
- WBCHSE, Sohanlal Deoralia Balika Vidyalaya** Score: 63.3%
Higher Secondary Education 2019 – 2021

PROJECTS

- Fashion Recommendation System** Academic
Visual similarity-based fashion recommendation using deep learning
 - Developed a visual similarity-based fashion recommendation system using deep learning to suggest products with similar appearance.
 - Implemented ResNet-50 CNN architecture for feature extraction from product images to improve recommendation accuracy.
 - Designed and deployed RESTful APIs using FastAPI to serve model predictions efficiently.
 - Built a full-stack application with React frontend and Node.js backend for seamless user interaction.
 - Stored product metadata and embeddings in MongoDB for fast retrieval and scalability.
 - Enabled real-time recommendations from a large product catalog to enhance user experience.
 - Tools & Technologies: Python, PyTorch, ResNet-50, FastAPI, Node.js, MongoDB, React

TECHNICAL SKILLS

Technologies: HTML, CSS, JavaScript
Programming Languages: Java, Python
Version Control: Git
Concepts: OS, DSA, Networking, Software Engineering, OOPs, Database Systems

CERTIFICATIONS

- Industrial Training from Webel IT Park** – Fundamentals of Web Development using PHP Certified
